The open door political cartoon meaning. Political cartoons analysis example. Political cartoon analysis open door policy worksheet answers. Political cartoon analysis answer key.

This U.S. Imperialism political cartoon analysis activity examines the Open Door Policy in China. I use these primary source analysis activities to help prepare my students for the state End of Course (EOC) Exam— a.k.a. the "Political Cartoon Test." :) These analysis sheets include Level 1, 2, and 3 questions. I have updated this product to include different versions of the analysis sheet. I know I like having different options! • One-Page Version: This is a one-page version of the analysis sheet. Perfect for interactive notebooks! • Class Set Version: Have a strict copying limit policy at your school? No worries! This version has the cartoon and all the questions from the long version on the same page. Perfect for making a class set that you can use with all your classes! • Long Version: Two-page version with additional questions. All versions have two options: 1) unlabeled, and 2) labeled (in order to clarify the text). The labeled version is great for finicky copy machines! • Answer Keys: Answer Keys with suggested answers. I hope you find this product helpful! Home Politics, Law & Government International Relations THIS PRESENTATION INCLUDES:New Frontier, Tax Rates, Minimum Wage, Inflation, US Steel, Civil Rights Movement, Segregation, Robert Kennedy, Kennedy wanting to stay out of Civil Rights Issue, Freedom Riders, Beatings and Bombings, Cooling off request, School segregation, University of Mississippi, James Meredith, Ross Barnett, Edwin Walker, Ole Miss Riots, Battle of Oxford, Troops sent in, Meredith shooting, Kennedy Rethinks Policy, George WPage 2\*\*See this resource in action in my classroom here.\*\*Back to School Night or Open House, is the

we meet students and their families. With so much going on, it's important to be organized, so families know what to do. Having a clear Open-House Game Plan leaves you, the teacher, available to greet your new class and make everyone feel welcome. Wanting students and families to become familiar with our learning space, I place 'Scavenger Hunt' signs around the room (email lists, supply droPage 3Time for Back to school.! Students and families will remember the very first impression- make it memorable! With this product you can create easily personalized and customized back to school, Meet the Teacher, or Open House gifts for your students. Simply edit, print, and attach to trinkets such as pencils, Blow Pops, Starburst, goldfish, juice boxes, cookies, glow sticks, etc. All pages are labeled with the coordinating treat ideas. There are two different versions of each treat tag: print and Page 4This resource was designed to encourage students go beyond basic computation and take their understanding of the common core standards to the next level. Often times students are asked to write about how they solve a problems, make observations, make lists, draw conclusions, and much more. These wPage 5Open House Presentation by This product includes 21 slides to help you organize your Open House/Curriculum Night/Parent Night About Me Curriculum Schedule Classroom Behavior Newsletter Birthdays Grading Policy Homework Policy Testing Volunteers Field Trips School Programs Important Dates Wish List Resources Contact Info Additional Information 3 Blank Slides You can add your own content to each slide! Slide headers cannOpen and Closed Syllables & More use a variety of multisyllabic words with the 6 syllable types build word fluency and vocabulary that strengthen reading comprehension with these multisyllabic Word Triangle cards and Sentence Comprehension by reading sentences and choosing the correct multisyllabic word to fit the sentence Great activities for reading interventions, smalf you've been paying attention to the assessments that are following the Common Core State Standards, then you know that we need to raise rigor in our classrooms when it comes to problem solving. These problems will help prepare students for performance task assessments. Each of these seven problems is a full page (or more) of reading to help students practice reading for understanding in math problems. The problems are open ended, meaning that students can come to more than one answer. The This resource includes 200 task cards with a variety of number line problems, including Open Number Lines and traditional number lines with intervals of 1, 2, 5 and 10. The number lines range from 1-1,200. Use the task cards at Guided Math Stations or have students will proficiency all year long! These Number Lines are designed to truly challenge your students. With repeated practice and exposure, your students will develop strong nuTypes:Open Number Lines: Task Cards The Common Core standards call for students to use number line strategies flexibly and efficiently. I realized that while my 3rd and 4th grade students were familiar with basic number line concepts, they were struggling to understand them beyond the surface level or to use them effectively as a problem-solving strategy. They could create number lines with 1-unit intervals starting at 0, but had difficulty working with number lines have beyond this level. Open number lines have beyond this level. have taught, and meet the standards of the Common Core or other rigorous math standards? Looking for a short, ready-to-print problem solving "project" that can make for a meaningful math lesson? Want to help nurture a growth mindset about math? This resource is for you!
